Within the abstract of this Research Article, the following sentence displays incorrect data:

The pack ice and the total (Svalbard + pack ice, 973 bears, 95% CI = 334 – 1026) both had higher estimates compared to August 2004 (444 and 685 bears, respectively), but the increase was not significant.

The correct sentence is provided below (updated text in boldface):

The pack ice and the total (Svalbard + pack ice, 973 bears, 95% CI = **665 – 1884**) both had higher estimates compared to August 2004 (444 and 685 bears, respectively), but the increase was not significant.

The article has been updated online.
