Figs. 6 and 7 (shown below) were correctly attributed to Walker et al. 2006 but that the captions mistakenly indicate that the article was originally published in a MacMillan Magazine. Walker et al. 2007 appeared in the *Proceedings of the National Academy of Sciences*, which is published by National Academy of Sciences, USA. The National Academy of Sciences has kindly granted *Polar Research* permission to reproduce the illustrations in question and the figure captions have been corrected in the online version of Wookey's article.
